Dear Mr. Rosenstock:

I am writing to inform you that on August 4, 2010, the Committee on Accreditation, on behalf of the Commission on Teacher Credentialing, took action to continue the accreditation status of *Accreditation with Stipulations* placed on High Tech High.

Following are the stipulations still to be met:

- That High Tech High provides evidence of a recruitment plan for attracting ethnically and culturally diverse instructional personnel.
 - That High Tech High provides evidence of a process for encouraging and supporting applicants from diverse populations (*Note: this stipulation pertains to applicants for internships*).
 - That High Tech High provides evidence that the intern teachers are provided with opportunities to observe and/or participate in “....classrooms in hard to staff and/or underperforming schools.”
1. On the basis of this decision, the institution is authorized to recommend candidates for the following Credential:
 - Single Subject Internship
 2. In addition:
 - The institution's response to the preconditions is accepted.
 - High Tech High is permitted to propose new credential programs for approval by the Committee on Accreditation.
 - High Tech High must submit evidence to the Commission within one year of the date of this letter showing evidence that the stipulations listed above have been addressed.

- High Tech High continues in its assigned cohort on the schedule of accreditation activities, subject to the continuation of the present schedule of accreditation activities by the Commission on Teacher Credentialing.

Should you or your staff have any questions relating to this action, you may address them to Teri Clark, Administrator of Accreditation, at (916) 323-5917.

The Commission and its staff are grateful to High Tech High for its commitment to the preparation of professional educators.

Sincerely,
